Safe Harbor

This presentation contains forward-looking statements. All statements other than statements of historical facts contained in this presentation, including statements regarding the Company's future results of operations and financial position, business strategy, ability to maintain existing, and establish new, strategic partnerships or other arrangements with buyers or suppliers on the Company's platform, the potential market size for the Company's platform and other solutions and plans and objectives of management for future operations are forward-looking statements. These statements involve known and unknown risks, uncertainties and other important factors that may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified and some of which are beyond the Company's control, you should not rely on these forward-looking statements as predictions of future events. The events and circumstances reflected in the Company's forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Except as required by applicable law, the Company does not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.

This presentation also contains estimates and other statistical data from both independent third parties and the Company relating to market size and growth and other data about the Company's industry. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. While the Company believes the estimates and statistical data from these independent third parties are reliable as of the date of this presentation, it has not independently verified, and makes no representation as to the adequacy, fairness, accuracy or completeness of any information obtained from these third parties. Neither the Company nor any other person makes any representation as to the accuracy or completeness of such data or undertakes any obligation to update such data after the date of this presentation. In addition, projections, assumptions and estimates of the Company's future performance and the future performance of the markets in which the Company operates are necessarily subject to a high degree of uncertainty and risk.

In light of the foregoing, you are urged not to rely on any forward-looking statement or third-party data in reaching any conclusion or making any investment decision about any securities of the Company.

This presentation contains non-GAAP financial measures and key metrics relating to the Company's past performance. These non-GAAP financial measures are presented in addition to, and not as a substitute for or superior to, measures of financial performance prepared in accordance with U.S. GAAP. There are a number of limitations related to the use of these non-GAAP financial measures versus its nearest GAAP equivalents. For example, other companies may calculate non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of the Company's non-GAAP financial measures as a tool for comparison. The Company has provided a reconciliation of measures to the most directly comparable GAAP measures, which is available in the Appendix.
Significant Value Creation from Digitizing Markets

## $2+ Trillion Highly Inefficient Market

### Buyer Pain Points
- Highly fragmented, regionalized base of manufacturers; 75% of American manufacturers have fewer than 20 employees
- Difficulty finding optimal prices and lead times in an efficient manner
- Urgent need for resilient and localized supply chains
- Increasing focus on ESG issues, from reducing emissions to improving supplier diversity

### Supplier Pain Points
- Geographic isolation and limited access to customers
- Antiquated business development practices
- Higher cost structure intrinsic to small businesses
- Capital constrained

Extensible Marketplace

Xometry’s marketplace supports major industries and manufacturing processes across North America, Europe, and Asia.

The Xometry marketplace is a one-stop shop for services such as:

- Prototyping
  - Test Parts
- Production
  - End Market Parts

End Market Parts include:

- Aerospace
- Medical
- Retail
- Robotics and Tech
- Government
- Industrial
- Automotive

(1) We define Adjusted EBITDA as net income (loss) excluding interest income (expense), income tax (expense) benefit, and certain other non-cash or non-recurring items impacting net loss from time to time, principally comprised of depreciation and amortization, stock-based compensation, charitable contributions of common stock, income from unconsolidated joint venture, impairment charges and acquisition and other adjustments not reflective of the Company’s ongoing business, such as adjustments related to purchase accounting, the revaluation of contingent consideration and transaction costs.

(2) We define Active Buyers as the number of buyers who have made at least one purchase on our marketplace during the last twelve months.

(3) We define a Xometry existing account as an account where at least one buyer has made a purchase on our marketplace.

(4) We define Accounts with Last Twelve-Month, or LTM, Spend of At Least $50,000 as an account that has spent at least $50,000 on our marketplace in the most recent twelve-month period.

Expanding our **Buyer Base** with Thomas Integration

Converting **1.4M+** Registered Thomas Users\(^1\) into Xometry buyers

---

1. We define Registered Users as unique individuals that complete a registration form on the Thomasnet.com platform.

---

1. **Q1 2022**
   - Launch of “Xometry Everywhere”, a new quoting module that can be easily embedded in any website

2. **Q2 2022**
   - Integrate Industrial Buying Engine, RFQ, and Instant Quote in ThomasNet.com

3. **Q2 2022**
   - Expand manufacturing processes within Xometry’s quoting engine, powered by Thomas Suppliers

4. **Q2 2022**
   - Provide single sign-on for Xometry Buyers and Thomas users, enabling seamless purchasing from both sites

5. **Launched Industrial Buying Engine™**
Industrial Buying Engine™, A Unified Solution for Buyers

The Industrial Buying Engine gives Buyers access to services from thousands of Suppliers within one powerful ecosystem. Now, Buyers can:

- **Connect** with multiple Suppliers across the platform to discuss and quote projects in real-time.
- **Instant Quote and RFQ.** Buyers can evaluate supplier responses and prices with Project Builder for easy analysis.
- **Buy** on Thomasnet.com after a supplier accepts a proposal using any of the following options:
  - Xometry billing profile
  - Credit or debit card
  - Bank account
  - Available spend from a Xometry Advanced Card
Industrial Buying Engine™ – Powering Buyers on Thomas

**Instant Quote**
- ✔️ AI-powered Xometry instant quote
- ✔️ Gross revenue with marketplace gross margin %

**RFQ**
- ✔️ On-platform quotes for the breadth of ThomasNet’s product offering
- ✔️ Net revenue 4.5% take rate
Expanding our **Supplier Base** with Thomas Integration

Converting **500K** Thomas Suppliers¹ into Xometry Active Suppliers

1. We define Suppliers as businesses with paid or freemium listings on the Thomasnet.com platform.
